MOBILITY AGAINST YOUTH UNEMPLOYMENT IN SICILY

NEWSLETTER

SUPPORTING VULNERABLE NEETS* **FROM SICILY BY FACILITATING THEIR TRANSITION TO EMPLOYMENT**

through work-related learning experience in another EU country to integrate them into the society and to the labour market.

**Not in Employment, Education or Training*

ALMA - Aim, Learn, Master, Achieve - is an ESF+ initiative within the "Social Innovation+ call". It aims to support young people not in employment, education or training (the so-called NEETs, "Not in Employment, Education or Training"). The program promotes the social empowerment of disadvantaged youth by helping them integrate into society, improve their skills, knowledge, and experience and boost their self-confidence.

The goal is to help disadvantaged youth integrate into society by accessing employment or training courses through educational and vocational experiences abroad and ultimately find their way into the labour market.

AMUNEET: Mobility against youth unemployment in Sicily is a project coordinated by CESIE (a third-sector organisation based in Palermo with over 20 years of experience in education and training activities in local, national and international settings).

AMUNEET will allow 24 young Sicilian NEETs (3 groups of 8 people) to participate in a social empowerment experience of about 12 months within the ALMA programme, including a preparation phase with individual coaching and counselling sessions (about 3 months), a work-related mobility experience in Portugal, Spain or Greece (6 months), a follow-up phase (about 3 months). Participants will receive consistent and relevant support before, during and after their stay abroad.
